restyling Bed & Breakfast Villa Etrò

Bed & Breakfast Villa Etrò è il *restyling* funzionale e architettonico di una villetta privata in Città Giardino a Foggia allo scopo di realizzare una *location* intima e familiare.

Il piano terra del *Bed & Breakfast Villa Etrò* è caratterizzato da un corridoio passante di servizi che connette, attraverso disegni distintivi a terra e sul controsoffitto, il giardino d'ingresso alla *reception*, per poi passare alla cucina e concludersi con il *garden* attrezzato retrostante alla struttura.

Le 6 camere, in grado di accogliere fino a 14 ospiti contemporaneamente, si distribuiscono in maniera omogenea su tutti e quattro i livelli dell'immobile; ad ognuno di essi è ispirato il racconto di una particolare ambientazione che richiama i più spettacolari paesaggi della capitanata. La scelta degli arredi e i dettagli di ogni finitura cercano di ricreare 6 scenari in cui è possibile perdersi tra le spighe dorate del Tavoliere delle Puglie nel mese d'agosto o tra le sfumature cangianti dei bacini lacustri di Lesina e Varano. Le altre camere sono ancora ispirate ai paesaggi del Gargano e del Sub Appennino Dauno. Di particolare rilievo è poi la suite Foresta Umbra, camera esclusiva della Villa destinata al *relax* e al benessere di coppia grazie al centralissimo letto a baldacchino, alla vasca da bagno a vista sulla stanza con lucernaio e al lussuoso bagno in camera cono mini-spa e attrezzature per massaggi.
